**20a. How does the Committee accomplish its purpose?**

The Commission provides an open forum for information exchange and public comment on park issues, gains knowledge of these issues and presents park management with recommendations. This helps to bridge relations between the National Park Service, Native Hawaiians, interested parties, and the general public. The park was established to provide a center for the preservation, interpretation, and perpetuation of traditional native Hawaiian activities and culture, and to provide a needed resource for the education, enjoyment and appreciation of the culture. Members of the Commission possess the knowledge and understanding of the Hawaiian culture and have provided invaluable insights for park management to proceed in a effective manner in managing the park.

**20b. How does the Committee balance its membership?**

Membership is as prescribed by the enabling legislation, consisting of 13 members--nine members appointed by the Secretary, and four ex-officio, non-voting members. All nine Secretarial appointees are to be residents of the State of Hawaii, and at least six of those appointees are to be native Hawaiians. Native Hawaiian organizations are invited to nominate members, and at least five members are to be appointed from those nominations. The ex officio members are the Park Superintendent, the National Park Service Hawaii State Director, one person appointed by the Governor of Hawaii, and one person appointed by the Mayor of the County of Hawaii.

**20c. How frequent and relevant are the Committee Meetings?**

The Commission did not meet in FY 2018, and is scheduled to terminate Dec. 31, 2018. The Commission should meet at least two times a year. Four new members were appointed to the Commission in Jan 2017. Prior to these new appointments, the Commission did not have a quorum or a balance of representation.

**20d. Why can't the advice or information this committee provides be obtained elsewhere?**

The Commission was established to advise the Director of the National Park Service with respect to the historical, archaeological, cultural, and interpretive programs of the park; and is to afford particular emphasis to the quality of traditional native Hawaiian culture demonstrated in the park. One of the major tasks of this Commission is to assist park staff with planning for an educational/cultural live-in complex in the park per the General

Management Plan. This is a difficult concept as there are no models to follow. Members make meaningful contributions and suggestions as they possess knowledge of the culture (language, customs, traditions, and history) of the area and the park. Also, members are capable of partnering with other community and native Hawaiian organizations to support park goals.

#### **20e. Why is it necessary to close and/or partially closed committee meetings?**

All meetings are open to the public.

#### **21. Remarks**

The Commission did not meet in FY 2018. (1) EXPECTED CHARTER RENEWAL DATE -- The FACA Section 14(b) biennial rechartering requirement has been waived for this committee pursuant to P.L. 102-525, October 26, 1992. The Commission's authorization is extended through 2018 under Section 7401 of Omnibus Public Lands Act, March 30, 2009.

#### **Narrative Description**

The Commission did not meet in FY 2018. The Commission did not meet this fiscal year due to a lack of quorum and the Departmental review of Federal Advisory Commission meetings. The law creating Kaloko-Honokohau National Historical Park mandated the National Park Service to provide a center for the preservation, interpretation, and perpetuation of traditional native Hawaiian activities and culture and to demonstrate historic land use patterns as well as to provide a needed resource for education, enjoyment, and appreciation of such traditional native Hawaiian activities and culture by local residents and visitors. The purpose of the park is to provide a place where native Hawaiians can practice historic and cultural traditions; provide educational programs which instill an appreciation of traditional native Hawaiian activities and land use patterns; emphasize the land-sea ethic, a dominant force in Hawaiian attitudes and feelings and

demonstrated in traditional land use patterns; protect and interpret archaeological features and their cultural significance; protect marine resources and habitat for threatened sea turtle and other marine species; and protect fishponds and habitat for endangered native Hawaiian water birds. The mission and strategic plan of the National Park Service at Kaloko-Honokohau is rooted in and grows from P.L. 95-625. The Commission is essential to this mission in advising the National Park Service with regard to the historical, archaeological, cultural, and interpretive programs of the park.

The Commission did not meet in FY 2018. The Commission did not meet this fiscal year due to a lack of quorum until January of this year, Federal Register FACA notices being put on hold, and in May of this year, there was temporary postponement until after September 1, 2017, of all FACA meetings.
